Professional equipment built for speed, performance, and longer lifetime

400-530 G-factor 'H' models High-speed performance and soft mount for easy installation

Electrolux soft mount washers spin ultra-fast, resulting in minimum drying time and significant energy savings. Intelligent technologies and unique extras for maximum economy with features like Compass Pro®, Automatic Saving System and Power Balance™. High spin washers for easy installation on all types of floors.

350 G-factor Wash & Dry Ultimate convenience in both washing and drying at the push of a button

Make your dream come true by choosing the Electrolux Professional Wash & Dry. A high-performance machine with excellent washing and drying results, and a minimum machine footprint. Add the Text Management™ Information System function and you have the optimal solution for your customers.

200 G-factor 'S' models Save time, water and energy

Built to last, the Electrolux solid mount, Super spin washers generate superior savings in time, water and energy thanks to drum Speed Soak and Automatic Saving System. Self-service laundrettes benefit from faster throughput - freeing up dryers, folding tables and parking spots - which creates higher profits. The Super spin washers must be fixed to the floor.

Energy efficient dryers Electrolux dryers combine high performance with significant energy savings

Perfect for coin/card laundrettes, your customers will love the fast drying and user-friendly controls. You'll appreciate the energy-efficient design and easy maintenance.

- ▶ Increase your profits per square foot with Electrolux stack dryers
- ▶ Optimum combination of gas consumption (Btu/hr) and airflow (CFM) provides the fastest drying with lowest energy consumption
- ▶ Reversing cylinders standard on all Electrolux dryers even with single phase connection
- ▶ Quiet operation. Our dryers are designed to keep noise levels below 70 dB (A)
- ▶ Easy-to-clean lint screen and large lint compartment for fast maintenance

100 G-factor 'N' models Reliability and convenience

Electrolux 100G solid mount washers are robust and reliable for trouble-free and safe operations with high quality wash results. Add features such as Text Management™ Information System (optional) and your laundrette customers will experience the freedom of combining laundry time with doing errands. The Normal spin washers must be fixed to the floor.

Energy
saving

EcoPower Up to 15% energy savings per drying cycle

Calculates when garments are dry and automatically turns the dryer heat down to the cool-down temperature. Keeps turning until paid time is complete.

Safety & Standards

Electrolux N and S range washers, Wash & Dry WD5240, dryers and ironers comply with international safety standards and product quality specifications for your complete peace of mind.

Accessories

It's the small details that make the difference

Hanger rack
in galvanised steel

Tables and chairs
in several sizes

We offer a wide range of local accessories to make your laundry successful. Here are some examples.

Trolleys
in galvanized steel

Ironing tables

Open base
in stainless steel

Galvanised base
for stacked machines

All of them provide efficient customer service and fast technical assistance. A global service network for prompt, expert advice worldwide.

- ▶ 2,000 authorised service centres
- ▶ Over 10,000 expert technicians
- ▶ 98,000 available spare parts in stock
- ▶ Spare parts are available for at least 10 years from the end of production
- ▶ 24-48 hr spare parts delivery worldwide

Consumer-Operated Laundry Solutions

Commercial Laundry Solutions
Hygiene Laundry Solutions
In-House Laundry Solutions

1 Excellence with the environment in mind

Electrolux Professional solutions perfectly match the customers' needs, including the areas of reliability, cost efficiency and sustainability. The products are the best in terms of quality - durability with low running costs. Some installations have been running for more than 40 years!

- ▶ All Electrolux factories are ISO 14001-certified
- ▶ All Electrolux Professional products are designed for low water, energy and detergent consumption, and for low emissions into the environment
- ▶ All Electrolux Professional products are ROHS-compliant and over 95 % recyclable
- ▶ All units are quality tested, piece by piece, and all of the functions are individually checked by expert technicians
- ▶ In the last five years, more than 70 % of Electrolux Professional solutions have been updated with features that are always designed with the needs of customers and environmental considerations in mind
